COMFORT AND CARE

## *From home to home*

Beacon House embraces a philosophy of care which aims to provide a secure, relaxed and homely environment in which the care of the resident is of prime importance. We aim to provide care to a standard of excellence which embraces the fundamental principles of good practice. If at all possible, a trial visit will be arranged prior to admission to the Home, so that the resident and family can make an informed choice about their next place of abode.

## Beacon House Nursing Home

A COMMITMENT TO CARE

*Our aim is to provide a positive and comfortable lifestyle for our residents by enabling and encouraging them to make the most of their individual capabilities within a residential setting. Our registered Nurses and specially trained staff help all residents feel secure and comfortable so that they can look forward to the future with optimism. In our home, they will be enabled and encouraged to retain their dignity, independence and individuality. Our registered Nurses provide 24 hour care based on personal needs and levels of dependency.*

## *Our objectives*

To ensure staff are responsive to the individual needs of the residents and provide care to facilitate the highest possible quality of life within the house.

To develop a care plan for each resident compiled with key areas of choice, rights, fulfilment, independence, privacy, dignity and security in mind.

To ensure our staff are adequately trained, supported and managed.

To have an expectation of each member of staff to conduct themselves in a professional and mature manner and produce care of a high quality.

To provide a caring and supportive environment where the resident feels valued, secure and happy.

To foster an environment of openness and respect, in which residents, family, friends and staff feel valued, and where each person's view counts. Residents and staff have regular meetings.

To enable staff to gain a sense of achievement and self-fulfilment from their experience with us.

To surpass residents' expectations by continually improving all aspects of our service.

## *A caring environment*

We offer a range of accommodation options in en-suite single, companion and garden view rooms. In addition, we have a number of assisted bathrooms/shower rooms, along with a hairdressing salon. Each room has a nurse-call point.

Personal effects from your current home are welcome as long as they comply with Health and Safety regulations. The Home has two passenger lifts.

## *Attention to detail*

We provide a full range of personal care including:

- ***All aspects of personal hygiene***
- ***Arts and crafts***
- ***Music and movement***
- ***Laundry***
- ***Social, cultural and spiritual activities***

Qualified staff evaluate each resident's personal needs with the use of a comprehensive assessment tool. A detailed plan of care is drawn up in consultation with the resident, their representatives and other professionals.

## *A choice of lifestyle*

We provide our residents with a variety of choices in their lifestyle. Our in-house kitchen provides a daily selection of wholesome meals prepared from fresh ingredients. We ensure that special dietary needs are met and there is always a selection of home-made cakes, biscuits and fresh fruits.

Plasma TVs and DVD players are available in the living room, as well as in the dedicated cinema room. Other activities include art therapy, music, house games, and day trips. Tea dances are regularly held with our sister homes that are within the square. We also have a hairdressing salon on site and a secluded garden offering quiet relaxation and contemplation.

Relatives and friends are welcome to visit at any time and can participate in our various activities and parties. Dental, GP, optician, physiotherapy and chiropody service providers visit the Home regularly.

Arrangements are made to ensure residents are able to worship in their own faith. We regularly have a visiting minister who conducts services in the Home.

Newspapers and periodicals, clothing labels and taxi services can also be organised. Laundry services are provided in-house.

## *Staff who care*

At Beacon House, we are proud of our staff who continuously receive positive feedback from residents and their families. Our specially trained staff deliver our promise of care by fulfilling the needs of each resident.

Each member of staff has undergone a reference and criminal check. We instigate detailed induction and training programmes, and all staff's work is regularly supervised and appraised.
